

API Eniro, Odoo 12 compatible

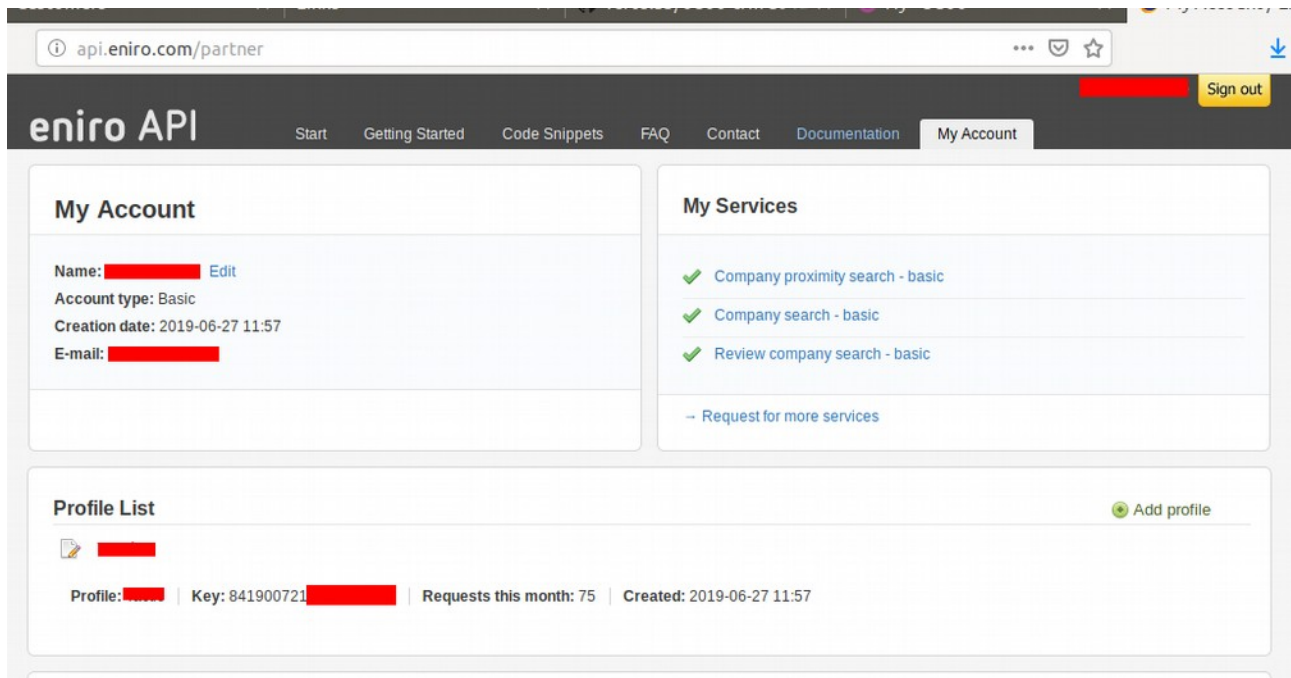

2019-08-20

The module `crm_eniro` depends on the module `partner_eniro`.

Instructions, get started

Create a free account at <https://api.eniro.com/>

This account will give you some thousands of free requests each month.

The screenshot shows the 'My Account' page on the eniro API website. The browser address bar displays 'api.eniro.com/partner'. The page has a dark header with the 'eniro API' logo and navigation links: 'Start', 'Getting Started', 'Code Snippets', 'FAQ', 'Contact', 'Documentation', and 'My Account'. A 'Sign out' button is in the top right corner. The main content area is divided into three sections: 'My Account', 'My Services', and 'Profile List'. The 'My Account' section shows fields for Name, Account type (Basic), Creation date (2019-06-27 11:57), and E-mail, each with a redacted value and an 'Edit' link. The 'My Services' section lists three services with green checkmarks: 'Company proximity search - basic', 'Company search - basic', and 'Review company search - basic', with a link to 'Request for more services'. The 'Profile List' section shows a table with one profile, including its name, key (841900721), requests this month (75), and creation date (2019-06-27 11:57). An 'Add profile' button is in the top right of the profile list.

Profile List				Add profile
	Profile: [redacted]	Key: 841900721 [redacted]	Requests this month: 75	Created: 2019-06-27 11:57

You will need to enter the key inside Odoo.

The screenshot shows the Odoo CRM settings page. The browser address bar displays a URL with a redacted domain. The top navigation bar includes 'Inställningar' (highlighted with a red box), 'Anslagstavla', 'Användare & Företag', 'Översättningar', and 'Globala inställningar' (also highlighted with a red box). Below the navigation bar, the page is titled 'Inställningar' with two sub-sections: '1. Settings' and '2 Global settings'. On the left, a sidebar lists various modules: CRM, Försäljning, Webbplats, Fakturering, Projekt, Tidrapporter, Anställda, and Globala inställningar (highlighted with a red box). The main content area is divided into three sections. The first section, 'Gengo Translations', includes a checkbox, a description 'Translate your website with Gengo', and a 'Generate an Access Key' button. The second section, 'Auto-populate company data', includes a checked checkbox, a description 'Autocomplete company data (name, logo, address, etc.)', a warning 'Insufficient credit', and a 'Buy more credits' button. The third section, '3. Eniro' (highlighted with a red box), contains a 'Profile' field with a redacted value and a 'Key' field with the value '84190072' followed by a redacted value. On the right side of the page, there are additional settings for 'Unsplash Image' (with an 'Access Key' field and a 'Generate an Access Key' button) and 'Office 365' (with 'Client ID' and 'Client Secret' fields).
